- **Wentronic expands its 3SIXT product range with protective cases for the new Samsung Galaxy S9/S9+**
- **Product range available to retailers via Wentronic even before the sales launch**

Braunschweig, 19th March 2018 – Wentronic is expanding its product range for the 3SIXT brand in time for the launch of the brand new Samsung Galaxy S9 and S9+. Even before the official sales launch of the popular smartphone, the Braunschweig-based distributor is offering its retailers the opportunity to equip themselves with suitable accessories in good time in order to offer their customers a complete care-free package for their new mobile device.

The protective cases offer owners of the Samsung Galaxy S9/S9+ protection for their smartphone against external influences and damage while catering perfectly to their needs. One highlight is the NeoCase 2in1 (Item No. 39189, RRP: €25.95), which houses two cases in one. The genuine leather case is an elegant and high-quality companion, which also offers space for credit cards and bank notes. A magnetic, removable inner shell offers everyday security and can be used quickly and easily in a car when combined with the 3SIXT in-car mounts. All of the cases available from 3SIXT guarantee a 100% accurate fit and easy accessibility for all connectors and buttons.
